

# Lucy in the sky with diamonds

The Beatles\_Sgt. Pepper's Lonely Hearts Club Band

The Complete Recipe

Lucy in the Sky with Diamonds was a "miniature pop version" of Tolkein's *The Lord of the Rings* in terms of conveying the sense of wonder the book evoked" Nicholas Schaffner

"There are few other songs that so successfully evoke a dream world, in both the sonic textures and words." Richie Unterberger for Rolling Stone

In a review for the BBC Music website, Chris Jones described the track as "nursery rhyme surrealism" that contributed to *Sgt. Pepper's* "revolutionary ... sonic carpet that enveloped the ears and sent the listener spinning into other realms".
